PROPERTY REVIEW: UJJAYI - ERICEIRA PREMIUM HOMESUCH PROMISE OF BEAUTY AND SERENITYThe promise of a calm and relaxing lifestyle, enveloped by the soothing sounds of nature, the sea and the privileged observation of the brilliant sunset in front of you. A splendid and privileged location that allows for gentle mornings with an invigorating sea breeze, inspiring walks along picturesque paths between green fields and cliffs that lead us by the smell of the sea to the ocean. The UJJAYI project consists of a private condominium of 13 villas set on a plot 350m from the sea on the cliffs that allows a true immersion in nature through the view that the villas provide. The organic architecture project is based on ecological concerns, sustainability and distinctive quality, where futuristic innovations predominate in symbiosis with respect for the land where the project is located and the surrounding nature. VISION'Our focus has been entirely on design, quality and proximity to nature, seeking perfection through innovation, architecture, design and sustainability. A challenging team project that resulted in an idyllic, inspiring and distinctive setting' - Nuno RibeiroThe configuration of UJJAYI celebrates the creation of a space where sophistication, privacy and tranquillity are integrated, with each villa being totally independent and differentiated. The architectural project was created and developed by the Portuguese architects Yuri Martinho and Ana Matos and the owners, Nuno and Sofia Ribeiro. ON THE UJJAYI I you will find a timeless connection with nature. An exclusive refuge located in the heart of the Ericeira World Surfing Reserve, in Ribamar, Lisbon.

UJJAYI is the perfect place to enjoy a sublime lifestyle with environmental awareness and connection to the surrounding environment.

We have made a commitment to excellence and sustainability in every element chosen, from thermal and acoustic insulation to the materials carefully selected for each villa.

The 13 luxurious villas stand out for their comfort and spacious areas, with the immensity of the sea as a permanent backdrop.

They are 4-bedroom and 5-bedroom types with private garden areas, large terraces, a private swimming pool and communal leisure areas. Project developed with the Architecture Office - Yuma Concept
