Description

Living in Prata Riverside Village means choosing rare privileges that will transform your life, just metres from the Tagus River and the new Oriente Riverside Park.

Lisbon is light! Marvila is creative! Prata Riverside Village offers a new way of living – and its newest building, the FACTORY Building, brings all this together in a fresh expression.

The FACTORY houses 53 apartments ranging from T0 to T4, with versatile layouts, abundant natural light and premium finishes. It marks a new architectural milestone in Lisbon where design and comfort coexist in perfect harmony.

Each unit features the design and finishes that have made Prata a globally recognised benchmark and one of Portugal's most successful projects.

This is inspired by Renzo Piano – the visionary Italian architect who imagined a new way to live in Lisbon. Inspired by Lisbon's relationship with the Tagus, the sea and the world, but also by its own neighbourhoods and villages, this vision is evident and felt from the overall concept down to the finest detail of construction.

Open-plan kitchens, with or without an island, fitted with full SMEG equipment;

Premium finishes you can experience on a site visit;

Panoramic lifts overlooking the Tagus and the building's communal garden;

Class A or A+ energy efficiency;

Air conditioning and home automation;

Private parking with electric vehicle chargers;

Shared facilities.

Prata Riverside Village is situated in a new part of the city, ideal for a peaceful stroll, a run, a bike ride or simply to meditate to the sound of the river waters.

It offers a unique café experience unlike any other in town. Visit P'la Arte Market as if it were your neighbours' home. Discover exclusive shops and restaurants right on the corner.
