Description

Most people look for ready-made houses.

Investors look for rare opportunities.

This is one of them.

Located just minutes from Ria Formosa and Tavira, this property is not just a house, it's a project with margin, vision, and real appreciation potential.

With 7,272 m² of land and an existing building of 259 m², it offers the perfect base to create:

a luxury residence with total privacy

a boutique retreat in the Algarve

or a highly sought-after nature tourism project by international buyers

In a market where properties with land, proximity to the sea, and natural surroundings are becoming scarce, this type of asset has become scarce, and, therefore, valuable.

Here, you are not just buying a property.

You are buying the possibility to create something unique.

Strong appreciation potential after rehabilitation

Growing demand for nature-based projects in the Algarve

Ideal for international investors

This type of property does not remain available for long.
