Description

Rare investment opportunity on the Vicentina Coast. This is a fully approved 434sqm (total of 1,000m² prime land) commercial and residential project designed for the modern surf-tourism market, multi-functional Surf Center, Restaurant, and Boutique Guesthouse.

Minutes from Praia da Bordeira and only 3km from Praia do Amado, a world-renowned beach that hosts international surf championships. Situated within Vicentine Coast Natural Park, the area is a sanctuary of cliffs, dunes, and unique biodiversity. A high-growth region that attracts an affluent, international demographic looking for authentic, sustainable, and active travel experiences.

Unlike standard commercial plots, this surf business project includes a private studio apartment dedicated to habitation. This makes it the perfect "Live & Work" setup. Additionally, 4 rental rooms, a restaurant with 37 sittings indoors and an outdoor terrace with 64 seats, a professional surf shop, surfboard storage, on-site laundromat, several chill zones, rooftop sea view bar make this space a local community hub where families gather to eat, drink, play, and enjoy the sunsets.

The project was designed by a distinguished local architect known for his expertise in sustainable rural tourism and residential architecture. His work is characterized by the use of traditional materials to create contemporary, eco-conscious spaces that preserve both the local identity and the surrounding ecosystem.
